

## COLLEGE OF NURSING

SRI RAMAKRISHNA INSTITUTE OF PARAMEDICAL SCIENCES, COIMBATORE – 44

*“Let us never consider ourselves as finished nurses ...*

*We must be learning all our lives”*

**-Florence Nightingale**

Continued nursing education in College of Nursing, Sri Ramakrishna Institute of Paramedical Sciences, includes educational activities primarily designed to keep registered nurses abreast of their particular field of interest. It is an extension of opportunities for reading, study and training. Benefits of continuing nursing education are improved knowledge and skills, attitudinal change, better performance, quality patient care, increased job satisfaction and high motivation.

Journal club was started in our institution in the year 2007. Every month articles are presented by faculty of the concerned department. Journal club presentations provide a forum through which faculty keep abreast of new developments in nursing and engage in informal discussion and interaction. Furthermore, honing presentation skills and mastering the ability to critically appraise the evidence add to our armamentarium as nurses. The coordinator of continuing nursing education program is assistant professor Mrs. Chitra Ravikumar, Dept. of Obstetrics and Gynaecological Nursing.
